PROTECT YOUR BASEMENT FROM FLOODING

MONITORS YOUR MAIN SUMP PUMP

PumpSpy is the only system that checks on your main sump pump.

LASTS LONGEST ON BATTERY POWER

PumpSpy's backup pump keeps working when other backups quit.

RELIABLE & DURABLE

Quality automotive grade components are sealed in waterproof epoxy to prevent corrosion and increase dependability.

MOST POWERFUL BACKUP PUMP

PumpSpy's backup pump pumps more per hour than any other backup system.

WARNINGS & ALARMS

Audible alarms when necessary for your main sump pump, backup pump and battery charge.

LONGEST WARRANTY

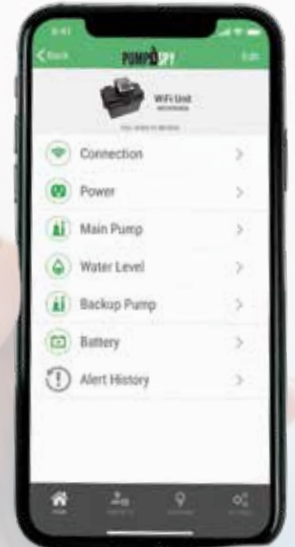

Only PumpSpy offers a 5 year, full replacement warranty.

24/7 MONITORING IN THE PALM OF YOUR HAND

PumpSpy's Wi-Fi connection connects your sump pump system to the PumpSpy Data Center. PumpSpy's computers will monitor your complete system, for FREE, 24 hours a day.

Use the PumpSpy App to unlock the full power of PumpSpy Technology! Now with more robust data, the newly redesigned app features:

- Clearer, more defined notifications and warnings
- Access to FAQs and troubleshooting tips
- Real time pump performance data
- One app to monitor information for both PumpSpy Smart Outlet and Battery Backup Systems
